Docket No. 98N-1265  
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Please do not restrict the  
availability of these pharmaceuticals.  
I have used these compounds for  
many years to relieve symptoms of  
menopause and insure healthy bone tissue.  
I am subject to osteoporosis, due to my age  
and small bones - and I remain healthy & very  
active.
